

Declaration of Intent to Prepare for International Baccalaureate Studies (9th)
Graduation Year _____ (D9)

I _____ (student) declare my intention to prepare for the International Diploma Program at W.G. Enloe High School.

ID # _____ E-mail address _____

I understand that I will need to register for the most challenging courses in the sequences supplied to me in order to ready myself for IB work in the junior and senior years and succeed in these courses. (At the 9th Grade level these include: Honors C&C or Honors English level I and Honors Civics & Economics or Honors World History, Honors geometry or Higher, Honors biology). I recognize that I either need to begin a second language in the ninth grade (French, Spanish or Chinese) or I will be ready to begin as a junior. I will attend information sessions, read the Enloe IB web page (<http://enloehs.wcpss.net/programs/ib/>), listen for announcements through my English class and daily announcements and thus will stay informed about preparatory IB requirements. I will take responsibility for visiting the coordinator's office with questions and will take responsibility for scheduling appropriate classes to ensure my readiness for diploma courses. I will learn about the diploma requirements, CAS (Creativity, Action, and Service) requirements, ToK (Theory of Knowledge) requirements, and the extended essay by attending information sessions provided by the IB Coordinator. I understand that I will be responsible for paying the examination fees in order to participate in the IB Programme. (fees to be determined for 6 required exams)

Parent Support

I/We _____ (parent(s)/guardian(s))

Of _____ will assist our child by learning about the program, providing a supportive environment, and planning a program with him/her tailored with an understanding of his/her special talents and relative strengths.

Students should complete this form at the end of eighth and ninth grades and should be certain to update any address and phone information whenever a change occurs.

Families should have individual conferences with the coordinator before students definitely decide to pursue the diploma in the early spring of the tenth grade year. Ninth grade individual conferences are optional; however, they are recommended. Parents should review the scheduling form with the IB Coordinator if they have any confusion or difficulty completing it with their child.
