

Name Cheng Yandi  
Age 16  
Birthday January 2 1989  
School No.1 middle school in Jiaonan  
Interests Playing the piano, listening to the pop music, reading books, searching on the Internet  
Favorite subject math, physics and geography  
Plan of the life I want to learn economics in college, and to be a businesswoman  
The part of this program I like the best  
Through hosting and visiting, I know more about the difference and the same things between China and the USA. I think before taking part in this program, I have many wrong feelings about America. But now, I have a lot of new impressions on America.  
I think all this is very important and very helpful for me
