INTERNATIONAL BACCALAUREATE MISSION

The International Baccalaureate Organization aims to develop inquiring, knowledgeable and caring young people who help create a better and more peaceful world through intercultural understanding and respect.

To this end IBO works with schools, governments, and international organizations to develop challenging programmes of study of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their difference, can also be right.

AIMS OF THE IB

- Provide rigorous and broad-based curricula and assessments
- Maintain high academic standards common to schools worldwide
- Allow students to develop individual talents and responsibility for their own inquiry based learning
- Foster critical and compassionate thinkers
- Open the window between the classroom and the outside world
- Foster lifelong interest in learning as well as becoming an informed and responsible citizen
- Promote international understanding and a respect for the variety of culture
- Facilitate university entrance around the world
