

MUSIC PLT Intervention Plan

August 30, 2010

What do we do already?

Individually, we work one on one, do thorough reviews, re-teach, re-test and use diagnostic testing with a student who may be failing.

How do we decide to re-teach or remediate?

The success of the class determines whether we re-teach the material and/or the partial/whole concept. Individual successes or failures determine re-teaching those individuals.

If more than 10% of the students are struggling, re-teach and adjust the pace.

INTERVENTION PLAN

- I. Intentional Non-learner
 - a. Talk with student
 - b. Talk with parent

- II. Failed Learner
 - a. Talk with student
 - b. Work one on one
 - c. Talk with parent
 - d. Develop plan (may involve case manager or counselor)

- III. Attendance
 - a. Talk with student
 - b. Talk with parent
 - c. Referral

How will we communicate?

We will communicate our intervention plan by posting it either on the wall, in individual blackboard or in our handbook/syllabus.
