Acceptable Use Policy (AUP) Summer School 2008

I have read the AUP.

I understand

- technology at Enloe High School is to be used for learning, not entertainment
- there are 3 levels of violations of the AUP and that successive violations become more serious
- the academic consequences of violations are very serious and will lead to failing a course.

By signing below, I agree to abide by the terms of this AUP.

(Must be signed before student is granted a network account.)
